EDITORIAL NOTE

On behalf of the Board of International Journal of Agroforestry and Silviculture and my co-editors, I am glad to introduce the Volume 9, Issue 1 of the journal. The journal was established in the year 2014 published 8 successful volumes and is running its 9th volume in 2021. It is time to have a glance at the journal as truly international and continue to help the journal in climbing up the ranking ladder with great number of informative and within scope manuscripts. To get best advantage out of this development, we encourage more types of articles besides research, review or commentary articles. International Journal of Agroforestry and Silviculture is an open access Peer-Reviewed journal that seeks to publish the latest and excellent research papers, reviews and letters which explores all the aspects of agrochemicals and crop protection. Submissions will be assessed on their scientific validity and merit.

The journal accepts unique research and ideas via researchers globally. The journal encourages contributions that show the function of agroforestry and silviculture in providing commodity as nicely non-commodity benefits such as environment offerings. The Journal welcomes the submission of manuscripts that meet the overall criteria of importance and scientific excellence. Papers managing both biophysical and socioeconomic elements are advocated. We desire that the researchers will revel in a super platform to demonstrate the importance in their scientific work by publishing in this journal. I take this possibility to thank International Scholars Journals publishing institution for its project in making the adventure to take this on line ebook of the journal to the worldwide audience. I consider that this journal will serve the scientific network higher. I wish to encourage our scientific network to make a contribution their unique research to facilitate a endured

achievement of the magazine. I would additionally want to specific my gratitude to all the authors, reviewers, the writer, the advisory and the editorial board of the Journal for his or her assist in bringing out but any other difficulty and look ahead to their unrelenting support.

We are aware of the time and effort goes into writing a terrific peer overview, and we deeply fee the input of reviewers who volunteer their time and know-how to offer essential feedback that ensures the high high-quality of research posted in every trouble of the journal. We admire our peer reviewers for taking the effort and time to provide essential insightful steering, and we attempt to show our appreciation to our reviewers. We ship letters recognizing the efforts of our pleasant reviewers each year. International Journal of Agroforestry and Silviculture is a outstanding journal dedicated to the control of time and completes all the paintings on writing any article in a given time period. The cumulative time span of each article to be published on-line is 45 days from the date of receipt. The time taken to technique the manuscript is 4 to five weeks. There are various tactics worried at the same time as publishing consisting of first-rate test, peer assessment, reproduction modifying to be completed within 14 days and the time period for the guide is most effective 7 days after attractiveness of the item by using reviewers and editors.

The editorial group follows strict tips to keep away from any capacity bias and warfare of interest at the same time as reviewing manuscripts. Journal features on principles of scientific excellence, booklet ethics and transparency. I am positive that collectively we will make International Journal of Agroforestry and Silviculture a in reality powerful publication.

Finally, I would like to welcome you, our readers to this promising journal. Hope you will locate amiable analyzing and challenging ideas from this magazine. Happy and high-quality analyzing!
